## Assembly Instructions for Cuba Futon Sofa Bed

[View the Cuba on our website](#)

### Items included in futon sofa bed flat pack are:

- 1 x front rail
- 1 x back rail (these are the same)
- 2 x arms with click clack hinges attached
- 2 x slat frames, one for the seat one for the back with
- 1 x set of sprung beech slats
- 1 x set of plastic end caps (2 per slat) already fitted
- Fixings:           4 x long threaded bolts                               8 x shorter threaded bolts
- 1 x allen key   8 x wooden dowels

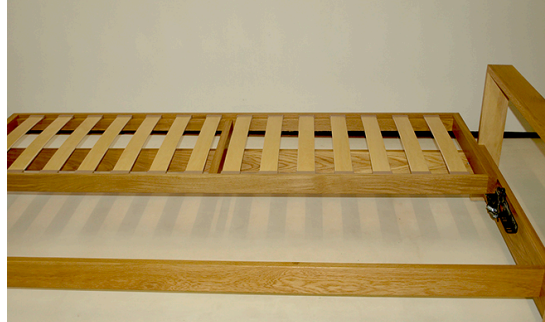

1. Place the wooden dowels in the outer holes in the ends of the front and back rails, tap these in securely. (See images below)
2. Attach the front and back rails to the arms using the four long threaded bolts, tightening with the allen key provided. The hinges are to be on the inside edge of the arms. (See images below)

# Natural Bed Company

- Using the allen key, attach the slatted seat and back frames to the hinges with the shorter bolts. (see image below). The bolts should pass through the underside of the hinge up into the underside of the seat and back frames.

NB fit the bolts through the **outer** holes of the hinges in each case.

## Operation

To fold the bed to a sofa: lift the front of the seat up until you hear 2 clicks. Lower the seat down to bring the back up. To obtain the recliner position lower the seat down after just one click.

# Natural Bed Company

To fold from sofa to a bed: lift the seat up (the back will drop down) until you hear some fainter clicks, then lower the seat back down.

We hope you enjoy your Natural Bed Company Sofa bed!
